Dear future Makeup Artist,

Is It Possible To Learn Makeup Online? Of course it is! We'll give you all of the tools you need to become a professional makeup artist. Our online makeup courses will guide you through your hands-on assignments, which means you get to practice your skills in real-life scenarios. Our students find the flexibility of an at-home course much easier to fit in with their lifestyle, and prefer learning at home vs. having to go to a physical location. If you're someone who would rather attend classes in person, we have a Stellenbosch and Pretoria location that just might be a fit for you!

How Long Does The Course Take To Complete? Because our courses are designed to fit into anyone's schedule, you'll have unlimited time to complete the course, so no worries about late assignments, etc. Most students tend to complete the coursework in about 2 to 6 weeks.

Will I Be Able To Receive Discounts Toward Makeup / Hair Products As A Student Or Graduate? Yes! Online Makeup Academy students and graduates are all eligible to receive discounts from a variety of top cosmetic brands. *MAC COSMETICS, BOBBI BROWN, PINK COSMETICS, FRISKK, HOUS OF BEAUTY, MAKEUP BOUTIQUE, INGLOT, INDIGLOW AND NYX.*

How Do I Become A Cosmetic Makeup Artist With MAC? MAC is one of the biggest brands out there when it comes to makeup, which is why they only hire professional makeup artists. They don't accept aspiring artists and they don't hire those who are just starting out as a professional makeup artist, making it a good idea to check with them before you start building your portfolio. Believe that you have the right qualifications? Then it's time for you to start building your portfolio, as well as a video reel and resume.

What Do I Need To Do If I Need To Talk To You? Simply send an email to info@lisabrown.co.za or send a message to 079 597 9778. We're here for you!

What Would Happen If I Get Asked To Give My Customer A Specific Type Of Makeup? One of the many benefits you'll receive when you sign up to take our online makeup courses is a list of questions to ask your clients before applying any makeup. These questions are specifically designed to help you understand exactly how your client wants their makeup to look, or how they want to be represented. For example, say your customer wants a simple day-to-day makeup look but they're not sure how to achieve this. By asking the right questions, you can help them solve this dilemma. Also, you're able to find out if your client is allergic to any makeup products by asking these questions, which is important.
